

FOR IMMEDIATE RELEASE

Denison, IA – June 29, 2010 - Professional Computer Systems, Co. (PCS) announces Gary Ockwig will join the PCS team on July 1, 2010.

Professional Computer Systems, Co (PCS) is excited to announce the addition of Gary Ockwig of Spicer, MN to the PCS Product Development staff on July 1, 2010. Gary brings over thirty years of programming experience to the team. The majority of his experience has been programming for electric utilities in Minnesota and Wisconsin.

Gary will be focused on development projects relating to the PCS billing/CIS application called *Utilit-e Connect*. Gary will also be involved with other projects relating to the PCS accounting application called *Utilit-e Insight*.

“PCS is excited to have Gary join our dedicated team,” states Kim Ingerslev, President of PCS. “Gary brings a wealth of knowledge and experience to our organization. We look forward to providing support for Gary’s current clients on their existing environment, in addition to providing an exciting upgrade path for accounting, billing, e-Commerce applications, and an option for hosting.”

###

About PCS:

PCS has been serving the utility industry with billing and accounting solutions since 1982. PCS offers *Utilit-e Solutions*, an integrated suite of premier products for the utility industry. The suite includes: *Utilit-e Connect*, a Customer Information System and Billing application, *Utilit-e Online*, an e-Commerce solution, *Utilit-e Insight*, a comprehensive financial accounting solution, and *Utilit-e Central*, an innovative application software hosting service. PCS’ world-class customer support is second to none, providing personalized support personnel who know your utility and understand your support needs. For more information on PCS visit www.pcsc.com.
